Mumford opened in 1949 with a high school composed of fewer than twenty faculty members and a group of students all in the ninth grade.

From a basic building of a few laboratories and a minimum number of classrooms, the building program has progressed for five years to the point where its completion can be visualized. In 1955 the school will include complete facilities for a well rounded high school course of study with over a hundred faculty members and three thousand students. The value of the completed plant is estimated at over seven million dollars.

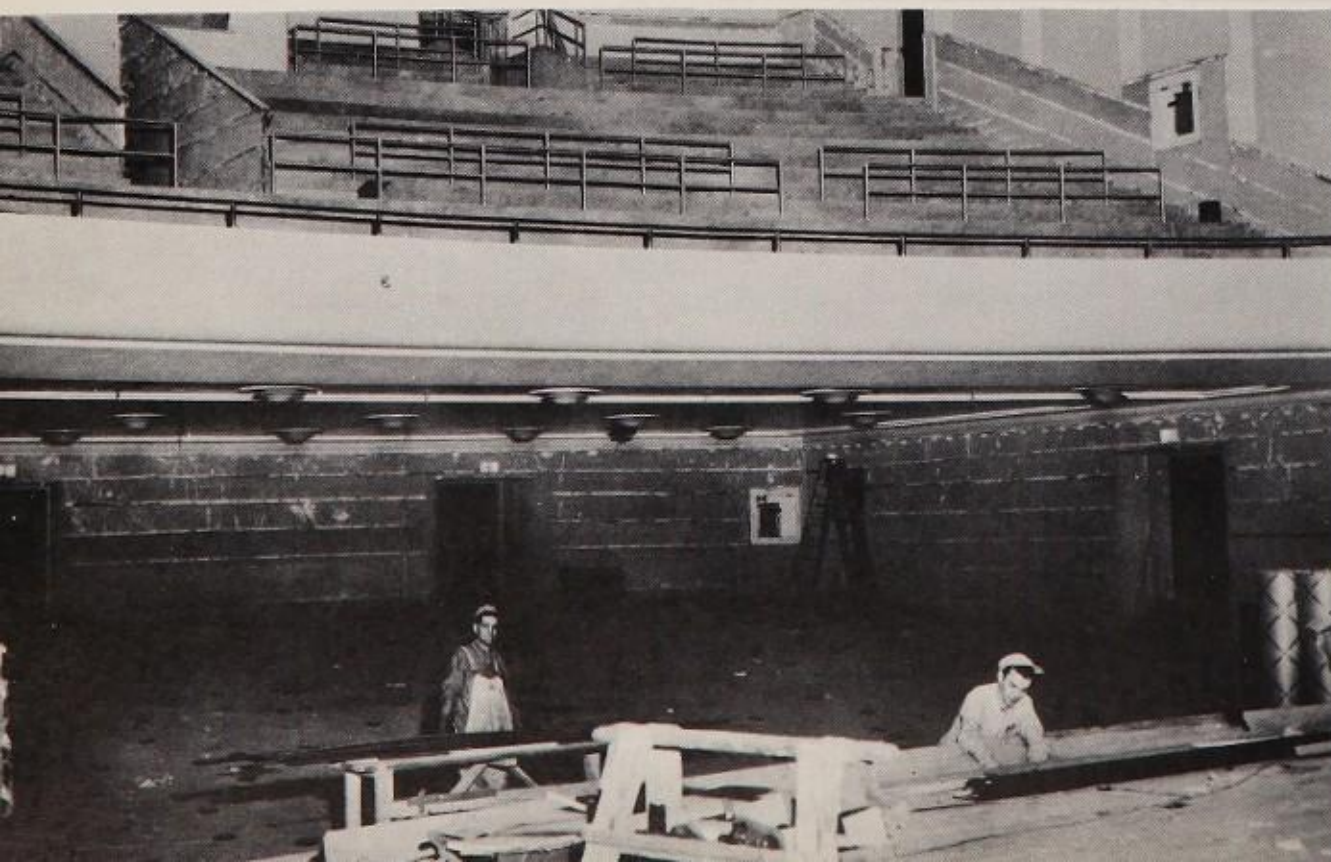

RISING TO TAKE ITS PLACE

Foundation work for Mumford's long awaited auditorium was started in 1952. . . . students still saw the auditorium in its infancy toward the end of June, 1953. This was the first addition erected since the completion of the central building.

Beginning to take shape . . . as students returned to school in September, the framework of the auditorium had progressed to this point. Students and faculty members, alike, became anxious to see the finished "product".

Nearing completion . . . the outside finished, the only tasks remaining were to put the finishing touches on the interior.

AMONG DETROIT'S FINEST SCHOOLS

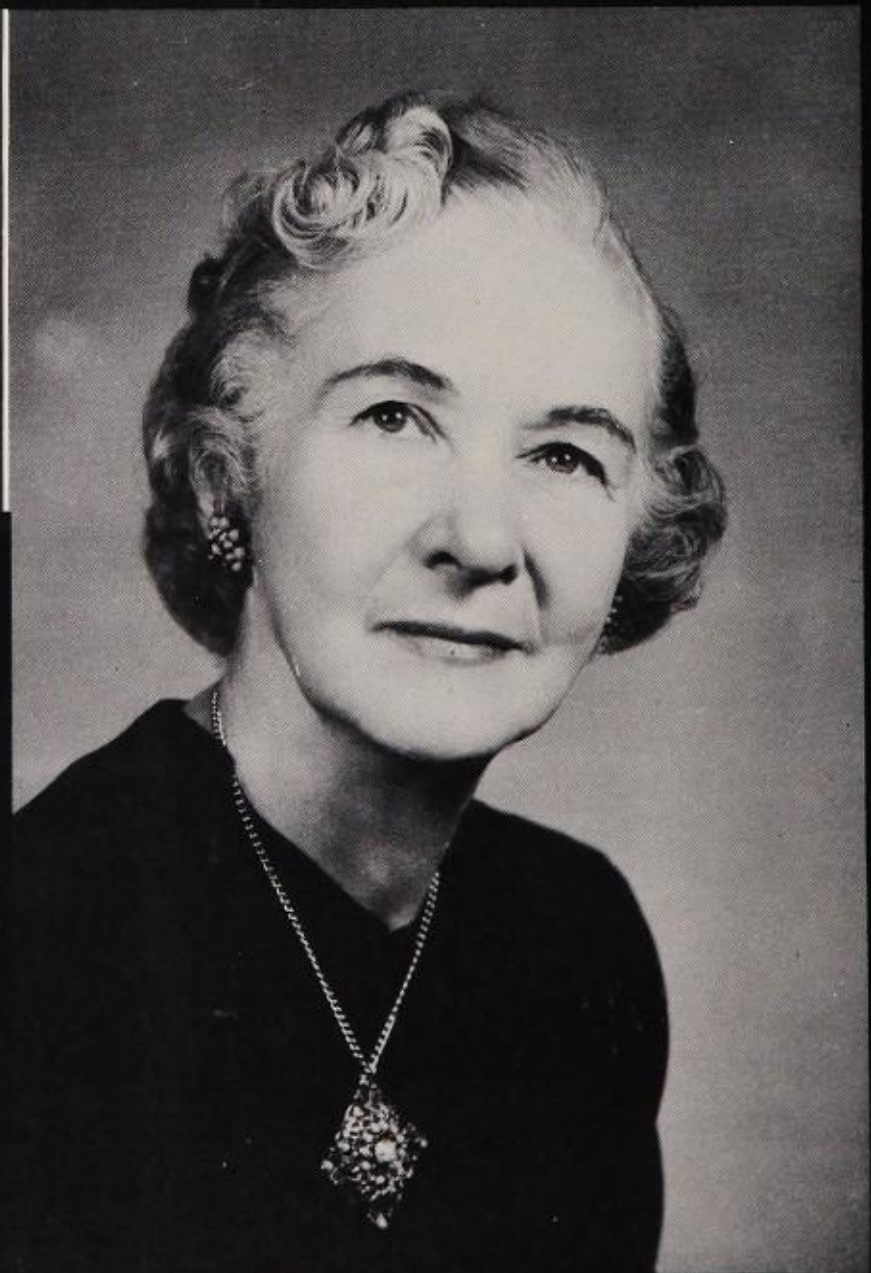

Finally completed, the auditorium was used frequently for senior meetings as well as the many other events connected with school activities.

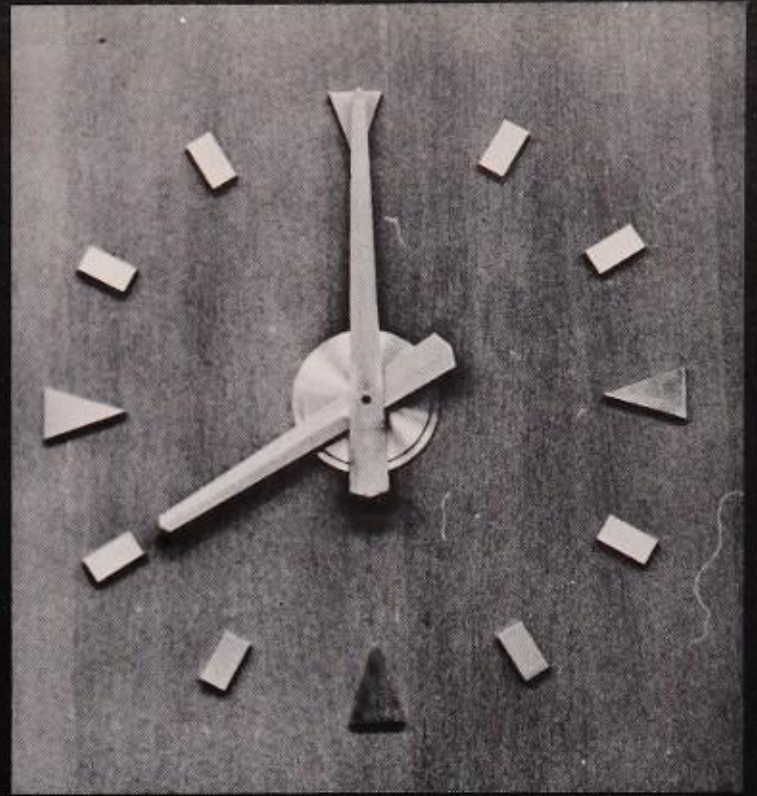

With the auditorium completed, building went right on at Mumford. A steam shovel breaks ground for the vocational and health units to be finished in 1955.

Mr. C. E. Frazer Clark, principal

Miss Vera E. Fox, assistant principal

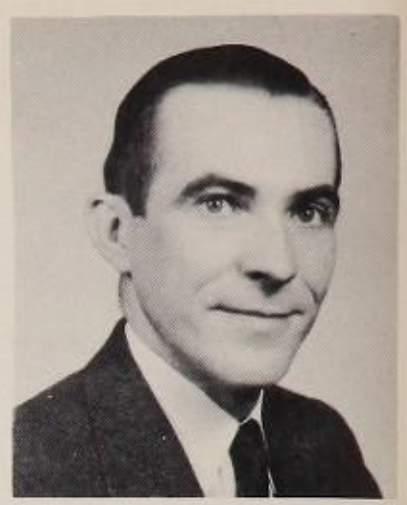

DEDICATION

For successfully meeting the obstacles that come with the organization of a new high school; for providing a well rounded extra-curricular and academic program in a school which has doubled its enrollment in this one year; for furthering good scholarship and high standards of pupil-teacher relationships; for their genuine interest in the community the school serves; and finally, for their untiring efforts impossible to measure by clock hours; the Capri is honored to dedicate this, its second issue, to Mr. C. E. Frazer Clark, principal and to Miss Vera E. Fox, assistant principal.

GRADUATES

As the clock strikes the hour for the graduating ceremonies to begin, we are able to capture a picture—a flashback of the events of the past four years. Graduation is a time to recall the memories of our high school life. High school seniors have much in common; they are going on to something new, whether it be into formal education, or into the school of life experiences in which we all must learn to live. This high school has laid the foundation for these next steps. Mumford is proud of you and shall watch you in the years to come . . . bring still more credit to our name.

Mr. Lewis Schulman,
January senior sponsor

The motto of the January Class was constantly kept in mind by those who had major parts in leading the senior activities. Working with Mr. Lewis Schulman, senior sponsor, was the senior steering committee which consisted of representatives elected from each of the senior study halls. This group drew up an outline for all senior activities, listed the various graduation committees and their functions, handled publicity for the 12A class and supervised the election of class officers.

The January Steering committee members are, top: H. Gold, J. Wells, J. Jacobson, chairman; N. Farran, H. Wax.
Bottom: L. Sugarman, S. Zuppke, B. Smith, P. Kleinstein, G. Korman.

After the ceremonies a reception for the graduates, parents and friends was held.

Diane Weingarden delivers one of the two farewell addresses. The other was given by Jerome Wells.

Waiting patiently to receive their diplomas, the class listens to the commencement address which was given by Dr. Edgar DeWitt Jones, Minister Emeritus, Central Woodward Christian Church.

Miss Doherty

The June class started their activities with an introduction to their three new sponsors, Miss Margaret Doherty, Miss Doris Utter and Mr. John McDaid, who took over after Mr. Lewis Schulman transferred to the College of Education at Wayne University. Shepherding over four hundred seniors to a successful completion of their careers at Mumford was a momentous achievement smoothly executed by these faculty members.

The steering committee worked in close cooperation with the advisers in planning the class policies, advised the class until the officers took over their duties. To their early efforts was due the successful completion of the June activities.

Members of the steering committee are, standing: T. Gittleman, D. Price, B. Siegan, P. Hoolihan. Seated, left to right are, E. Jones, H. Zalesin, G. Taback, C. Clark, B. Myers and N. Smith.

HONORS MARK LAST SENIOR ASSEMBLY

In the afternoon, a senior luncheon which was attended by all graduates, was held in the school cafeteria.

At the Honors Assembly, held in the auditorium. Mr. Clark presents award certificates to outstanding January graduates.

Class Day has become a tradition at Mumford and consists of an Honors Assembly in the morning followed by a luncheon at noon. At the assembly, seniors receive recognition for scholarship and outstanding services they have performed for the school. Academic awards include Cum Laude, Magna Cum Laude and Junior Phi Beta Kappa as well as university scholarships. Music, athletic, journalism, and club awards are also presented at that time.

At the luncheon the graduates are served by volunteer 12B girls. Among the speeches is the class will which is read at that time.

Registering for the snow trip are S. Barsky, P. Barnett and C. Bachman.

Mumford seniors are very fortunate in that they have two senior trips. First is the Snow Trip to East Tawas, Michigan held in January. This year 150 students along with several adult sponsors from the Parents Club, which arranges the trips, enjoyed a snow-bound week-end of winter sports activities. Four buses took the students out of Detroit at four o'clock Saturday morning and brought them back tired but happy on Sunday night.

The second trip offered Mumfordites is the Washington Trip which lasted for five days. Students were transported by train reserved exclusively for them. Sightseeing around the city proved exciting for the seniors. The educational opportunities of the visit to the Nation's Capital and its shrines well rewarded the seniors for their arduous journey.

Tobogganing was enjoyed by Mumfordites who had the nerve to go down the long, fast slide at Silver Valley.

S. Feldstein, C. Bachman, C. Sarason and L. Bittker watch the novices get used to their skis.

Most tugs of war are held with ropes. Our seniors, being individualists, used a pole.

Playing a solo, the orchestra's trombonist got carried away and ended up on the dance floor.

At the January Senior Prom, dancers took time off to enjoy the grand march.

Discussing the Graduation are the officers of last August's class. Kenneth Ivey, vice-president; Patricia MacKenzie, secretary; Nancy Hewitt, treasurer and Bette Aaron, president, are in the group.

Mr. Selwyn Alvey, principal of Mumford Summer School, and Mr. Charles Brady, assistant principal, present the first diploma to Bette Aaron.

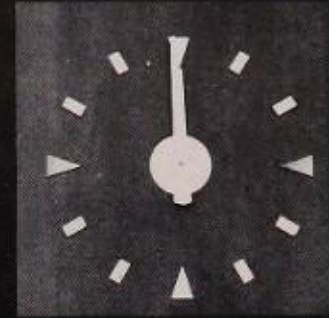

The Class listens to Sandra Weisenthal delivering the valedictory address.

Graduates rise to sing the national anthem to open the ceremonies.

ACTIVITIES

The many enjoyable educational and social hours spent in school activities have contributed much to our high school careers.

Beginning as early as eight o'clock in the morning and continuing every minute of the day, these activities enabled us to gain long remembered and helpful experiences that should prove valuable in the future.

Working on the yearbook, writing for the school paper, participating in the school play, serving on the student council, singing in the choruses, or playing a musical instrument for our school programs are all included in our list of the major functions that provided opportunities for the individual student to have an active school life.

Pictured in the following pages are the students who made the most of that opportunity.

Having an editorial conference are, standing: H. Barron, editor; M. Starman, picture editor. Seated: C. Spector, activities editor; J. Manning, organizations editor; Mr. C. Kaufman, adviser; M. Reitman, assistant editor; G. Taback, sports editor.

CAPRI CAMERA RECORDS THE

Reporting by means of words and pictures the various activities going on in Mumford was the concern of the Capri's Editorial Staff, under the guidance of Mr. Charles Kaufman, English instructor.

Selling the Capri to the subscribers and advertising space to merchants were the two important functions of the Business Staff which was supervised by Mr. Jay Bodzin of the Commercial department.

This book, we hope, will help you recall the past school year with a little nostalgia.

We have taken great pains to bring you a yearbook that will be enduring and complete.

To you, we proudly present the finished product . . .

MERCURY WINS PLACE IN MUMFORD LIFE

Responsible for much of the student enthusiasm in school activities were the articles written by staff members for the Mumford Mercury, our school paper.

Under the guidance of Mr. Vaughn Hoogasian, all writing and editing of the paper is done by the editorial staff. The school is justly proud of the paper which won the Quill and Scroll International First Place "A" Award, the highest given to a school newspaper.

Business and advertising is handled by the business staff, which is supervised by Mr. John Meng.

Besides putting out the paper at least once a month, the two staffs have other activities. One of these was a trip during the year to Michigan State College. Here they met students from all over the state who share a common interest in high school journalism and a desire to keep their own publications progressive.

First semester editorial staff are, top: R. Palmer, editor; R. Palms, E. Burkow, co-feature editor; B. Parker, sports editor; K. Weinberger, P. Harris, co-copy editor; M. Luckoff, news editor; M. Goldsmith, H. Weiss.

Members of the Mercury Staff, working late to meet a deadline, are: R. Palmer, D. Kahl, E. Burkow, S. Cohn, and D. Gerber. Late meetings such as this one were common prior to the publication of each issue.

MUMFORD PUBLICATIONS BECKON

Capri Staff members often worked on week-ends. One of these meetings included: S. Chessler, Mr. C. Kaufman, adviser; H. Barron, M. Reitman, J. Manning, S. Barsky, and C. Spector. In the background is Mr. Al Weatherly, printer's representative, who frequently met with the staff.

Discussing technicalities of the picture to be taken for the end sheets on this annual are: Mr. C. Kaufman, adviser; and V. Kuffler, one of the staff photographers.

VOCAL MUSIC OFFERS UNLIMITED

Outstanding in Mumford's music spotlight are the Chorus, Girls' Glee Club, and the Concert Choir. Under the supervision of Miss Grace Engel, each of these groups have performed separately and in unison during the past year.

Among the many activities of these groups is participation in Mumford's annual Christmas and Spring concerts, social programs, radio programs, and community functions.

Starting out in Mumford's music department, the members of the Chorus have an opportunity to become acquainted with the fundamentals of group singing.

The Girls' Glee Club, which is in constant rehearsal, meets every day as a scheduled class.

As students in the Concert Choir, vocalists of outstanding ability have an opportunity to approach artists' calibre in choral singing.

The orchestra, directed by Miss Florence Welden, is one of the many two and a half hour credit courses offered at Mumford. Among the several activities of this group were the presentation of the annual Christmas and Spring Concerts and their performance at the commencement exercises.

Working in cooperation with the radio group, the string ensemble often provided background music for programs presented over radio station WDTR.

While working conscientiously all year around, the Mumford Band, under the direction of Mr. Roger Haskins, played for the Spring and Christmas concerts, rallies, assemblies and football games. As the class meets daily, members receive two and a half hours credit and hard working students can earn their letters in music. Anyone with musical experience may join for the pleasure and experience that this activity has to offer.

STUDENT COUNCIL ACTIVITIES

The Student Council, Mumford's student governing body, consists of members elected from each half grade. Divided into three groups, duties have been apportioned accordingly.

Exercising their powers as a legislative body, the Senate plans activities, organizes committees, and proposes amendments to be approved by the remainder of the council. After much colorful campaigning, members and officers are elected by the complete student body.

Duties of the House of Representatives, whose members are chosen in the record rooms, are voting on constitutional amendments, and reporting business to their respective classes.

The function of the Board of Directors is to plan the agenda for council meetings, approve committee activities, and work with Mr. C. E. Frazer Clark, Mumford's principal, in planning social and cultural events for students. Members of this group include the active officers, officers of the previous term, and two council members.

Advisers for the Fall council were: Miss M. Doherty, Mr. J. Lindsey, Mr. S. Yost, and Miss R. Dye. Mr. L. Millman and Mrs. Z. Pollinger replaced Miss Doherty and Mr. Lindsey as advisers for the spring council.

The Student Council has just completed another year of promoting understanding, cooperation, and school spirit between the student body, the faculty, and the community.

In addition to their regular duties, the Council also participates in several school projects. They have sponsored the annual Snowball and Spring Fling dances, two clothing drives, the Torch fund, freshmen mixers, and semi-annual elections.

Proceeds from the United Nations Bake Sale enabled the Council to send contributions to Care, the Beecher Library in Flint, and Radio Free Europe. A variety show was sponsored in June, the proceeds of which were used to help buy a snowplow; license plate tags were sold to raise money for band uniforms; and the Used Book Store was operated as a service to Mumford students and as a profit making activity.

In the past year, members attended the State Conference in Student Government at Ann Arbor and the Round Table Conference at the Y. M. C. A.

The task of directing training and carrying on the tradition of the R. O. T. C. at Mumford is under Master Sergeant David Miller.

Preparedness and physical fitness, the purposes of R. O. T. C., are closely followed by the instructor and his classes. They have succeeded in winning the rating of Honor School, issued by the Fifth Army, three years in succession. Cadets practice discipline, citizenship and teamwork. Included in their program is first aid, tactics, rifle marksmanship, drill command and a regular check of their personal appearance and equipment.

"ROYAL FAMILY" VISITS MUMFORD

Mumford High School presented "The Royal Family", a play by George S. Kaufman and Edna Ferber on January 22 and 23, 1954. Pictured on these pages are the members of the cast and committees who worked together to make possible the first production ever to be presented in our auditorium. The Capri regrets that the second semester play presentation was too late to be included in this issue.

Actors and actresses pictured here are, seated: P. Cohen, L. Castleman, L. Waller, H. Magidsohn, S. Fealk, J. Botuck, N. Farran, D. Meisner, D. Schlafer, D. Gould, S. Stern.

Bottom: J. Zuieback, N. Zalman, Mr. Timmons, S. Cohn, and C. Embury.

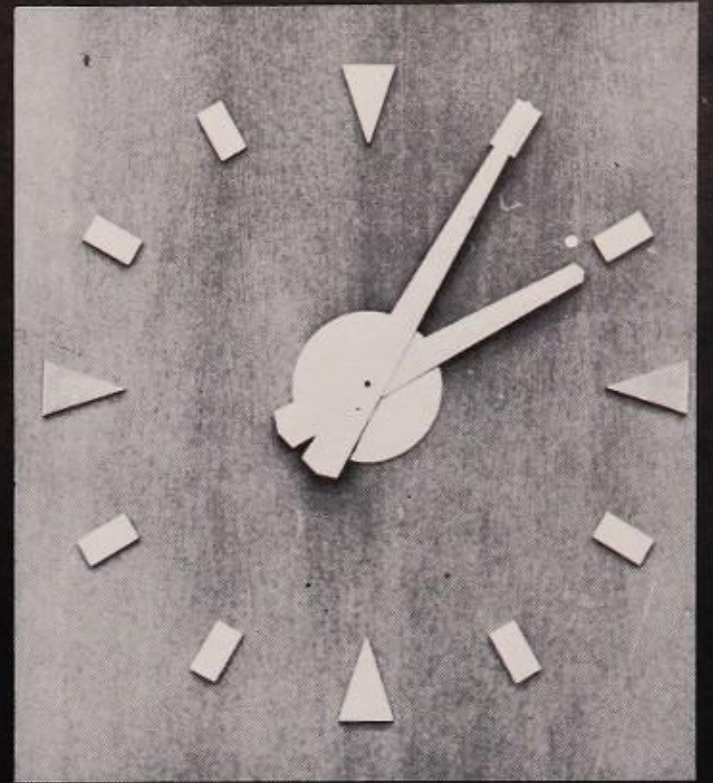

The settings were remade from those used in the previous year's play done on the Pershing High School stage. The clever changes were done by the

stagecraft class under the direction of Mr. James Siddall, art teacher.

Scenes on these pages are from the play which was seen on two successive nights and portrayed by alternate casts in the lead roles. Miss Dorothy Patterson, dramatics coach, directed the play.

ORGANIZATIONS

Nearly any day, around and after the ninth hour, students here can be found attending meetings which no one would confuse with scheduled classes.

These groups are formed strictly on the basis of interest, are never too full to get in, and are open to anyone regardless of his grade in school. For this reason, organizations at Mumford have left a lasting impression on their members. The clubs have performed outstanding service of various kinds for the school, and in this way, have served to enrich the high school curriculum in a manner that was both purposeful and enjoyable.

Pictured on the following pages are the students who belonged to these organizations and who gave of their time and energy to make these groups a worthy part of our school.

QUILL and SCROLL Honors Student Journalists

Membership in the Quill and Scroll, an international honor society for high school journalists, is limited to those persons who perform outstanding service for their school papers and annuals. They are also, scholastically, in the upper quarter of their class. Finally, a recommendation from the

publication's faculty adviser is necessary for membership.

Initiates were taken into Mumford's Chapter at a mid-semester banquet which was given by the journalism activities for the members and their parents.

ACTUAL PRACTICE AIDS FUTURE TEACHERS

In order to acquaint the students of Mumford with some of the problems and requirements for various phases of teaching, Miss Janet DeBorst and Mrs. Marion Kelly sponsor the Warren E. Bow Future Teachers Club.

At the weekly meetings, exchange students or speakers introduce many teaching experiences to the members.

Visiting neighboring elementary and nursery schools is the educational project of the Future Teachers. Also, the students have visited the school for the handicapped.

TRAVEL CLUB GOES HISTORICAL

Having educational fun while traveling to places of interest is the purpose of the Travel Club. Under the sponsorship of Miss Roberta Dye, social studies teacher, the club meets at Mumford alternate weeks in the evening.

Activities of the club include trips to historical spots and establishments in and around the city, plus seasonal parties and dinners. Highlighting the year was a trip to Fort Walden in Canada.

"M" CLUB Promotes Sportsmanship at Mumford

Forrest Donley, Jack Wilson and Dick Behm listen with humorous interest to one of Coach Grove's solemnly told hilarious stories.

"Good sportsmanship and service to our school" is the motto of the Varsity "M" Club. Under the sponsorship of Messrs. Grove, Bernd, Schultz and Cairns, the club has participated in exchange of ideas with other schools for the purpose of forming their club's constitution.

This club is open to any boy earning his varsity letter for playing in any of the major sports offered at Mumford. For the future the club hopes its new members will carry on these high sportsmanship ideals of Mumford athletics.

BIO-X'RS PROBE NATURE'S SECRETS

Under the sponsorship of Miss M. Middleton, science teacher, the Bio-X Club attempts to help students delve into the field of biology.

The group, newly formed last semester, worked with microscopes in order to probe more deeply into the wonders of nature. The Club took several field trips this year and also is planning a trip to a chinchilla farm next fall.

Many of the Club's members attended the annual fair of the Michigan Junior Academy of Science, Arts and Letters held at Greenfield Village. Students from all over Michigan participated in this event by discussing the latest advances in science and also presented their personal science research for judging.

W8GMP IDENTIFIES MUMFORD

Over Mumford's licensed radio station, W8GMP, the members of the Radio Club make contact with other amateur stations throughout the country. They are able to communicate with stations around the world.

Under the supervision of Mr. Maxwell Hutchinson, sponsor, the boys promote, stimulate, and foster an interest in the art of radio communication. They build their own radio receivers and study codes and radio theories.

Cooperating with Civil Defense authorities, the members of the club are trained to do such things as aid rescue groups in the case of emergency.

Jerome Idelsohn, chief engineer and radio operator for Mumford's W8GMP can study and send code at the same time.

HUMAN RELATIONS CLUB PROMOTES

To help students practice more friendly relations with those whom they meet in their daily lives, and to aid them develop a better understanding of their fellow men is the purpose of the Human Relations Club.

This group, sponsored by Miss Dorothy Perron, has had speakers from the City of Detroit Commission on Community Relations and various other organizations. At the beginning of the year, they sent representatives to the High School Institute for Democratic Living, which offered the students a chance to discuss ways to better relations among their neighbors.

Collecting canned goods to be put in packages and giving these to needy families for Thanksgiving, was one of the club's major projects. In addition to showing movies to club members on the problems of racial prejudice, the group has had various discussions headed by prominent civic leaders.

AS ONE OF THE MAIN projects of the club, canned goods were distributed to needy people so they would have a happy Thanksgiving.

HI-Y DEVELOPS FELLOWSHIP AMONG BOYS

To create, maintain, and promote high standards of character throughout the school and community are the aims of the Hi-Y.

Sponsored by Mr. Floyd R. Dain and Mr. Stanley Mullin, the group, a non-sectarian service organization composed of boys, regardless of race, color or creed, hold an important place in Mumford High School.

Projects of the club include the publication of football programs, the presentation of the Thanksgiving and Easter day programs, the sponsorship of the clothing drives, and an annual spring dance.

GIRLS FIND SOCIABILITY IN Y-TEENS

Under the sponsorship of Miss Janet Adams, health education teacher, the Y-Teens strive to provide girls of Mumford with companionship and sociability. The club is affiliated with the Y. W. C. A. and pride themselves on being made up of girls of all races, colors and creeds.

As a service to the school, the club sold refreshments at the football games to help buy band uniforms. In the past semester the Y-Teens have held social meetings together with the Hi-Y club.

FOREIGN LANGUAGES INTRIGUE

With plans for many worthwhile activities this year, Mrs. Ines Woloson and the Spanish Club look forward to a most profitable year.

Stimulating interest in the Spanish language and familiarizing the students with the customs and literature of the Spaniards is the club aim.

Members of the Spanish Club, which numbers 45, had a most enjoyable year. Highlights included seeing Jose Greco and his Spanish dancers, being host to Redford's Spanish Club, visiting the Art Institute and attending a Spanish festival in Ann Arbor.

MEMBERS OF FRENCH, LATIN CLUBS

Under the guidance of Dr. Edith Kovach, the Latin Club is acquainting modern students with classic civilization of Greece and Rome.

At club meetings the members are entertained with talks by Dr. Kovach of her travels to Greece, Italy and Spain. Other sources of enjoyment are provided through slide talks, Roman games, and a Roman-style Christmas party.

Highlights of the year include a joint meeting with the Central High School Latin Club, and a trip to Ann Arbor for a series of lectures and a tour of the Archaeological Museum.

FRENCH CLUB BRINGS THE CULTURE

Under the supervision of Mrs. N. Dostal, the French Club has become a bi-monthly "must" for many students.

At each meeting the members enjoy the music of the French people as played by guest artists and also records which have been purchased by the club. A better understanding of French customs and fine arts is acquired through various trips such as the most memorable one to the Detroit Historical Museum.

The annual French dinner, which is held at a different high school each year, provides an evening of tasty native food and an entertaining program of songs and music of that nation.

Art Club Offers Opportunity To Develop Talent

Because of the keen interest shown by Mumford students, the Art Club was founded two years ago by Mr. James Siddall. Since no special requirements are needed to join the club, all Mumfordites interested in art are welcomed.

Using the room under the stage as a temporary meeting place, the artists meet to learn more about the finer points of their hobby. Painting posters for various school functions is another club activity.

Prospective Nurses Train For Future

Preparing to follow in the tradition of the nursing profession are the members of the Future Nurses Club. Having been established only one year ago, the girls have already participated in many activities one of which was visiting various hospitals to learn important nursing techniques. The girls took advantage of the opportunity to put this knowledge to use when they worked as assistants in the mobile x-ray unit, which came to Mumford as part of our health service.

The club is a member of the Inter-Council of Future Nurses, and is sponsored by Miss DeMaris Wilson, assisted by Mrs. Priscilla Radlow.

Preparing for their future careers are, top: L. Soldinger, project chairman; S. Katz, B. Seigle.

Sets for the Mumford plays are designed and executed by students in stagecraft under the direction of Mr. James Siddall, fine arts instructor.

Sets designed by this group were used in the "Royal Family," produced during the first semester of the past year and for the second term's play, "You Can't Take It

With You."

Previous to the completion of Mumford's auditorium, the group worked wherever space was available, in or out of school. Now they have spacious but well hidden quarters under the auditorium stage.

Current Affairs Club Considers National Issues

Although they cannot vote, the members of the Current Affairs Club make their contribution to a democratic form of government by getting together once a week and debating topics of current interest. Students who participate in these discussions add to their knowledge of government and also enlighten each other on events of the day.

Under the sponsorship of Mr. M. Weisz, social studies teacher, the club presented a symposium on six very controversial issues before the student body. Among the subjects discussed were, "The Pros and Cons of Socialism", "Should the Federal Government Build Power Projects?" and "Should Teachers be Forced to Take Loyalty Oaths?"

Highlighting the club's many activities was a trip to the State Capitol to see our lawmakers in action.

Merchandising Methods Presented by Mamselles

Creating an interest in retailing among the students at Mumford is only one of the many functions of the Mamselles. Sponsored by Mrs. Nora Holm, a member of the commercial department, this club has presented their annual fashion show and a progressive dinner during the past year.

At weekly meetings members of the Mamselles hear personnel representatives from local department stores discuss retailing and its opportunities for young business-minded people in this line of work.

Inter-Sportsmanship Fostered By The IMSSC

Under the direction of Mr. John McDaid, the Intra-Metropolitan Student Sportsmanship Council promotes good sportsmanship in all athletic events.

Schools participating in these extra-curricular activities are permitted to raise the IMSSC flag on their flagpoles, providing they practice and promote good sportsmanship in their schools as well as at school athletic contests.

The Council holds an annual Play Day, when the associated schools join together to enjoy a day of picknicking and fun.

FUTURE RETAILERS GET ACTUAL EXPERIENCE

Meeting with students from other cities, states and nations has been one of the many activities of the Future Retailers Club. Under the guidance of Mrs. Helen Sloney, commercial instructor, the group held weekly meetings, discussions and participated in display, publicity, bulletin boards and many other phases of retailing activity.

Highlights of the school year included the national convention to be held at San Antonio, Texas and the annual club dance that was held at the Sheraton-Cadillac Hotel.

Adding religious inspiration to high school students is the purpose of Mumford's Chapter of the Voice of Christian Youth, sponsored by Mr. Arthur Price. As a part of the International Youth for Christ Movement, the group promotes Bible study and fellow-

ship.

Members of the club invite guest speakers from other V. C. Y. groups, hold Bible quizzes and sing spiritual songs. Several social affairs were also included in the years' agenda.

DRAMA CLUB OFFERS TRAINING

To increase the members' understanding and appreciation of dramatic literature and the living theater is the aim of the Drama Club, which supplements the regular drama classes. Auditions are held to determine the new apprentices who gain full membership by active participation in the club's program.

Sponsored by Miss Dorothy Patterson, the club produces the school plays in which any pupil may participate. During the semester the members direct and participate in one-act plays to further their study of dramatics. Upon graduation, the club issues awards to those seniors who have shown outstanding work in the field of drama.

Additional members of the club are, top: C. L. Siegan, R. Fidler, C. Bachman, C. Spector, D. Meisner, L. Lee, P. Lieberman, B. Sussman and C. Zacks.

New Developments Seen By Scientists

To better understand the fields of chemistry, physics and biology is the purpose of the Science Club. Sponsored by Mr. Samuel Ascher, this group met many times each semester to discuss new developments in science.

During the year the club took many interesting field trips. Talking to various men, prominent in the field of science, was another highlight of the club's activities.

Photography Interests Mumford Students

New on the club scene is the Camera Club, sponsored by Mr. Alfred Strepek. While taking pictures for their own enjoyment members learn the finer points of photography and developing.

One of the main projects of the club was the making of Christmas cards which were sold to the student body.

This equipment, which is becoming more numerous as the school grows, includes movie projectors, loud speaker systems and the latest devices installed in the new Mumford auditorium.

Through the efforts of this staff, audio visual aids used not as a part of the regular school program are also furnished by the group. The boys work directly with Mr. Howard Mehr, Board of Education technician assigned to Mumford.

BROADCASTERS OFFER RADIO TRAINING

Under the sponsorship of Mr. Earl Matthews, the Broadcasters Club offers training in radio production to interested students.

In December the group presented a radio play to the Parents Club entitled, "The Home of Singing Windows." The club worked out a one-and-a-half hour project called operation 225 which con-

densed an entire day of radio operation into a short period. It was complete with variety shows, news reports, sports programs, and a disk jockey sketch.

The club also conducted the programs and announcements over the public address system during record room periods.

Community Club Affiliate Formed at Mumford

New on the organization scene this year is the Key Club, sponsored by Mr. Selwyn Alvey, counselor.

Affiliated with the Kiwanis Club of Detroit, Mumford's Key Club provides an opportunity through which the leaders and potential leaders of the school are given a chance to develop their initiative and leadership ability. Following the example of their parent organization, the Key Clubbers learn of their prospective adult roles in life and the meaning of the kind of citizenship necessary to maintain our democratic society.

ATHLETICS

On the following pages appears a summary of Mumford's athletic progress. The two new sports that have joined our array of activities in the past year are varsity football and girls' golf. These are in addition, of course, to tennis, field hockey, and track which are already seasoned sports here.

As the clock strikes three the students who participate in the various sports move on to the practice field in order to perfect themselves in one of those sports. One can see the football players leaving the temporary locker room, the girl field hockey players being briefed in one of the unoccupied classrooms or members of the golf team on their way to the Redford Golf Course.

The fact that our athletic facilities are still incomplete only provides an additional challenge to the players to excel despite this temporary handicap.

MUSTANGS RECORD METRO LEAGUE DEBUT

With a victory at Northeastern, Mumford's Varsity Football Team made its initial appearance into the Metropolitan League. Following this impressive debut, the Mustangs, playing well, lost a hard fought battle to the Tars of Denby in Mumford's first home game. Next, they journeyed to Cooley for a non-league game which turned out to be a thriller won by Cooley on a last minute touchdown. In the next game, Southeastern's defense proved to be too difficult for the Mustangs to overcome and they failed to score. Playing Miller at home in the following contest, Mumford again came out on the short end. The squad faced the best offensive team of the season in Pershing, whose team later became the Detroit Metropolitan League Champions. Pershing Doughboys overwhelmed a fighting Mustang troupe which again was unable to score. In the homecoming game,

final one of the campaign, Mustang gridders snapped their losing streak by beating Cass Tech on a point after touchdown.

In post-season play, Mumford held the annual Junior-Senior contest which turned into a victory for the Juniors. The loss of the seniors was not unexpected since their squad consisted of only twelve players.

Coach Grove and assistants Schulz, Smith, and Foster deserve a great deal of credit for their fine work in guiding their team through a season with a two win-four loss league record and a tie for sixth place in the standing of the East Side Division of the Metropolitan League.

Mumford's record for their first year of varsity competition, while not outstanding, represented a young and inexperienced squad's first footsteps up the ladder of big league competition.

Making its debut into Detroit's Metropolitan League, Mumford's Cross - Country team found itself up against tough competition which was seasoned by experience. The Mustang harriers won only one of their four meets. Cody was the only league school permitting a Mumford victory.

Coach Cairns has hopes for next year's squad which will be strengthened by an experienced group of veterans. Great expectations are harbored by the team members who are also looking forward to participation in the coming season.

FIELD HOCKEY PROVES POPULAR GIRLS' SPORT

The girls' field hockey team, a representative of the girls' athletic activities, ended a record breaking season with two wins and two losses.

Coach Freda Landen's girls lost the first two games to Cooley and Redford, respectively, by a score of 1-0. They ended the season by winning their games with Highland Park and Mackenzie.

GOLFERS GAIN CITY NOTICE

Mumford golfers scored a city mark in taking the local boys' championship their second year of competition. This third year team was composed of veterans and some talented newcomers.

The boys, coached by Mr. Paul Bernd, played their scheduled meets

at Redford Golf Course.

Last fall the girls' golf team, coached by Miss Marie Pauli, won two out of five scheduled meets.

Generally speaking, golf at Mumford for both boy and girl competitors has unusual appeal.

NETTERS LOOK TO NEW LAURELS

In '53 Mumford boy netters gained a third place in West Side competition. This spring, under the watchful eye of Coach Stanley Mullins, health education instructor, the team worked to raise that standing.

Mumford's tennis courts also pro-

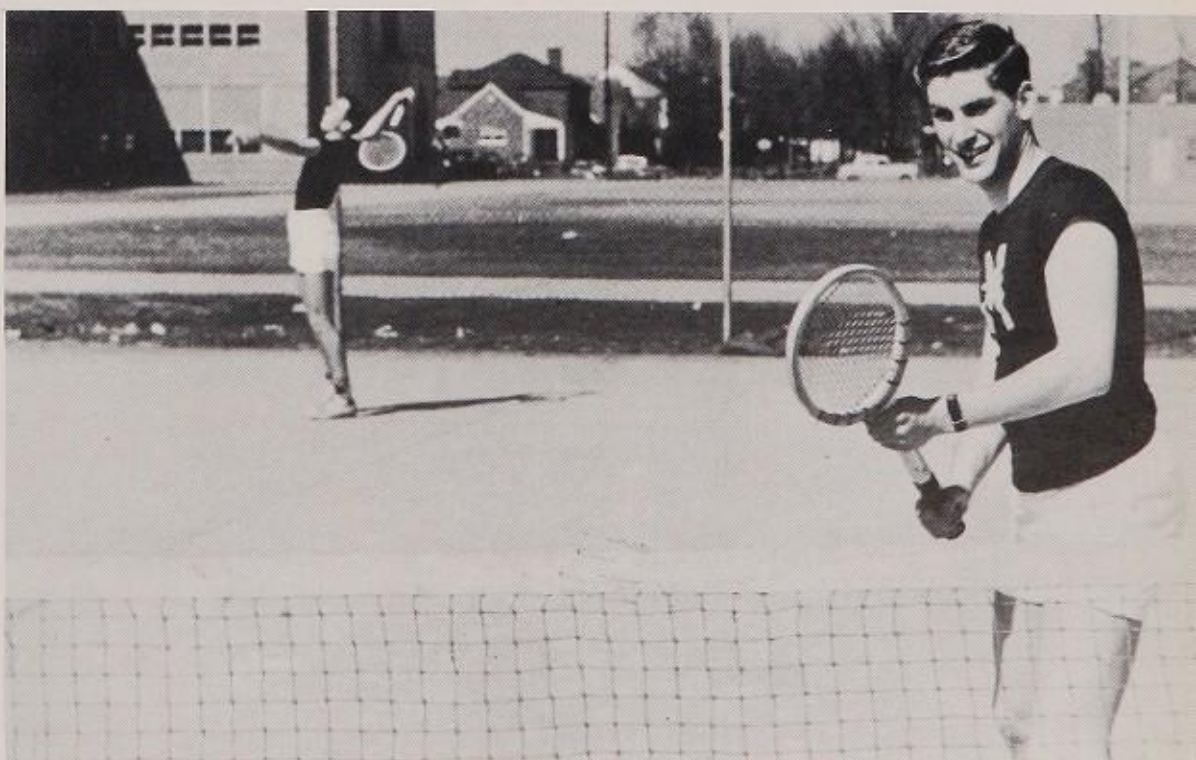

vided a place for the increased number of enthusiastic aspirants, trying out for the girls' tennis team. Coached by Miss Marie Pauli, health education instructor, the team looked ahead with high hopes for a satisfactory season in '54.

TRACK AND FIELD DEVELOPES INTO

Mounting enthusiasm for track was evident at Mumford during the spring season this year. Crowds in excess of last year's enthusiastic gatherings were noted at every home meet.

Track and field drew new interest on the part of the younger candidates. The team, however, still had its loyal veterans for its harriers nucleus.

Displaying fine sportsmanship the team, coached by Mr. George Cairns, track and cross country mentor, developed added skill on the cinders.

The Capri, due to its early publication deadline, could only sit on the sidelines and hope that in next year's edition they could sing the spring team's praises. Actual scores, naturally, could not be recorded.

PANORAMA

In picturing the high points of a school year, the common everyday events are sometimes forgotten. These events which go on, not only early in the morning or late in the afternoon, are continuous throughout the whole school day. Included in this section are some of the special events such as bake sales, rallies, and elections which have played an important part of our lives during school hours.

Though the Capri realizes that picturing every student in a school the size of Mumford is nearly impossible, we have attempted to present an overview . . . a panoramic view of the school life of the average student here.

MR. TARRANT DISPLAYS another of his exotic plants.

PHYSICS CLASSES WERE known for their action!

A STRAY DOG ALWAYS caused a commotion in the halls.

STUDENT COUNCIL CAMPAIGNS were usually colorfully organized.

THE BAKE SALES always satisfied our mid-morning appetites.

H. GOLD CAMPAIGNS for 12 A treasurer.

J. MILLER MADE many campaign speeches.

N. SMITH SPEAKS to Student Council.

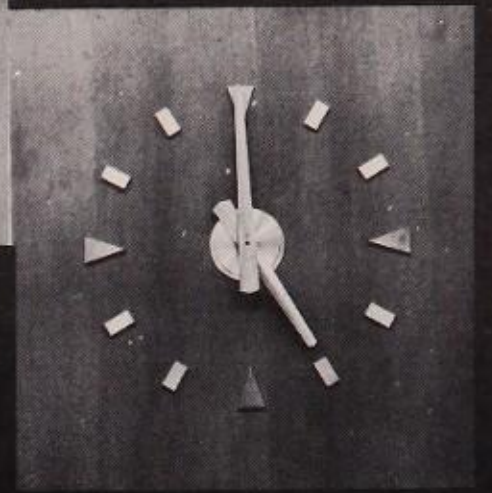

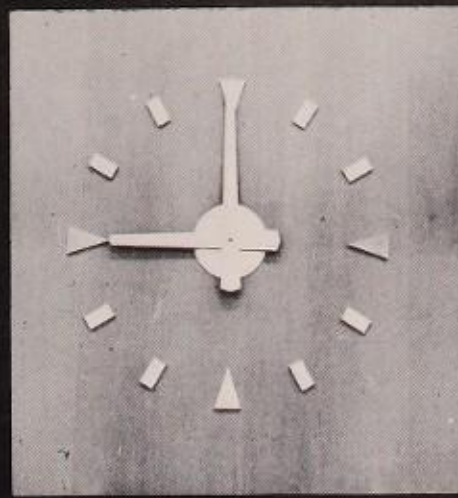

R. WALTERS CHATS with a friend.

THE NEW FRESHMEN WERE welcomed by their upper-classmen at scheduled rallies.

... only the
beginning

Ever stop to think what the world was like before electricity became everybody's servant? It's difficult to picture! Electric power serves so faithfully we just take it for granted.

Edison's incandescent lamp, heralding the birth of modern electric service, finally became more than a dream 75 years ago. To help turn this dream into reality, other men provided the finances Edison needed. Their joint achievement is an example of how financial risk-taking and individual ingenuity combine to the benefit of all people.

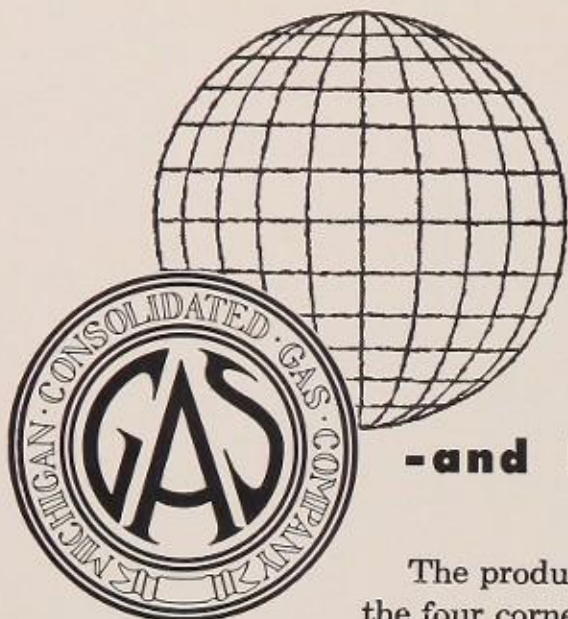

But our present way of living is only the beginning. Electricity promises for the future still greater marvels and better service.

It requires men and women with many skills to provide this service. If you would like to work with such people why not get in touch with Edison's Employment Office?

SERVING DETROIT **-and Detroit serves the world!**

The products of Detroit's industrial plants are shipped to the four corners of the earth. Automobiles, adding machines, kitchen ranges, bearings and bolts and thousands of other products from Detroit plants serve the needs of people all over the world. And your Gas Company serves the needs of Detroit's people and plants. Dependable natural gas provides comforts and conveniences for community homes, essential fuel for industry and commerce. Michigan Consolidated Gas Company is proud of its service to Detroit and other Michigan communities.

CAREER TRAINING

Thousands of men and women who secured their business education at The Business Institute have moved on to successful careers in the business world.

Develop your personal qualities. The Institute training will help you to find employment for them in the offices of business, industry, or government.

Come in and talk with one of the school's registrars about the opportunities available to those who prepare for accounting, secretarial, business administration, stenographic or office machines positions.

(The Business Institute and Detroit Business University have merged. Teachers of both of these outstanding schools are on the combined staff. Students can be confident of exceptionally thorough instruction.)

Take the Telephone Company, for example. Anyone who works for Michigan Bell will tell you it's everything a girl could want in a job.

First, you don't need any experience. You learn your job on the job, and earn a good salary while learning. Raises are regular and frequent. Your income is steady, you can always count on it and you get annual vacations with pay.

Another nice thing about telephone work is that you'll associate with people your own age, just out of school, too. You'll work in clean, bright, pleasant surroundings. Whether you prefer to start as a telephone operator, a teller or a clerk, you'll find opportunities for advancement.

We'd like to tell you more about these and other interesting telephone jobs. Visit us soon, won't you?
